Brauntex a feather in community's cap

The treasure chest opened Saturday night — and it was filled with jewels. Our Brauntex Theatre, refurbished and refreshed, shown brightly displaying the exquisite results of dedicated workers and donors.

We have many reasons to be proud of our community. With even greater pride, we can add a first-class facility that will attract high-quality performers. The “new” Brauntex is one more reason to be thankful we are living in Comal County.
